## Art to help dogs in need

I live in the most southern region of Portugal, the Algarve and after many years of painting, I felt that it was time to do something meaningful with my art. So, I decided to combine two things close to my heart – being creative and helping abandoned dogs.

### Together we can make a difference!

This framed painting is the latest in the series and I've given it the title "Travelling Home".

It is said that home is where the heart is. For myself and for many of you, this is Portugal. Some of you are lucky to live here permanently, whilst others might still hope to "come home" one day to their favourite holiday destination.

There are those that are able to travel to the place of their heart, whilst others can only travel in their imagination. For all of you who carry this love for Portugal in your heart, I have created this painting.

This work has taken me further down my artistic path.... trying out something new, to add more light and depth.

As always with the "Painting of the Month," 100% of your donation will be used to support the important work of StreetLife Animal Sterilisation Programme.
